

Sermon Outline for March 4, 2018

Text: Exodus 20:1-17

Title: "Knowing God's Will"

Introduction

We should seek God's will for the decisions we make in life. The Bible is not a magic answer book, but it does relay God's will to us.

I. God's moral will.

- A. The decisions you make must be in line with God's moral will.
- B. God desires a relationship with you, not just to be the one with the easy answers.
- C. God will always answer: Yes and no. Sometimes wait.

II. Know Bible principles.

- A. Not your will be done, but God's will.
- B. "If/then," & "cause/effect" principles.

III. Be wise (i.e. use your God-given common sense).

- A. Obey your conscience.
- B. Don't bang on locked doors.

Conclusion

God loves us and will help us -- always.
